## Crosbie House Society

A volunteer group of medical, business, legal and addiction professionals supported by partnered organizations have established a private centre based on the original Crosbie Centre program model. The new Crosbie enjoys the diversity of old and new staff, a professional Board, strong community support and partnership with premiere corporations and institutions. The Society was created with the assistance of Martha Crosbie, widow of the founder and the Jack Crosbie Memorial Trust Fund. The original Crosbie Centre was closed in 2003 after 24 years of successful, abstinence based treatment programs.

### Guiding Principle

*"The client and the treatment of the addiction always come first"*

### Organization Profile

The Crosbie House Society is incorporated under the Societies Act of Nova Scotia (Registry #3087978) and is a registered charity (Business #85741 5806 RR0001) It operates on a fee-for-service basis without government subsidies. Consultation, assessment, referral services, supplementary assistance, family & community programs and seminars are provided at no cost to those needing help.

### Staff

Four of the six permanent program staff came from the previous Crosbie Centre and collectively they have over 100 years of addiction counseling experience. They operate in a contemporary and progressive environment supported by contracted fitness, medical, spiritual and program specialists. The clients enjoy an abundance of first rate, dietitian endorsed, home cooked meals prepared by a professional full-time cook.

### Directors

The officers are Perry Boyd, B. Comm., MBA., Dr. Jan Goodwin, BScN, MD, CCFP, FCFP (Co-coordinator of the Professionals support program for doctors, dentists and veterinarians) Dr. Gen Campbell, BA, MD, CCFP, FCFP Certificant, American Society of Addiction Medicine, Walter O. Newton Q.C., and Raymond Beaudoin, IT & graphic design.

## Partners and Supporters

Capital funding has been provided by premiere organizations that support abstinence based addiction treatment. Essential additional sources of funding include individual donations, program grants, and the Jack Crosbie Memorial Trust Fund. Help from community leaders, ex-patients & families, health professionals, addiction counselors and the many good people in recovery have and continue to be an essential ingredient in the success of the Crosbie House Society.

Crosbie's Partners include Michelin N. America Canada Inc., Clearwater Fine Foods, Scotia Investment Group of Companies, Nova Scotia Gaming Corporation, Halifax Regional Municipality, Doctors Nova Scotia, RCMP Atlantic, Pharmacy Association of Nova Scotia, Cambridge & Millbrook First Nations, EAP Association, and the Annapolis Valley Human Resource Association. These organizations understand the impact of addiction on people's lives and the consequences in the community and workplace when left untreated. The return associated with timely and proven treatment is convincing. The return on lives saved is incalculable.

### The Program

Crosbie House Society's primary purpose is to offer an effective abstinence based 12 step, 28 day residential addiction recovery program for alcohol, drug and gambling addictions. Crosbie has been successful in treating the sickest people. *Participants are treated as sick people coming to get well, not crazy or bad people who need to get sane or reform.*

The staff provides assessment, counseling, education, facilitation, rehabilitation and aftercare planning, mentoring and monitoring. The program makes full use of community resources, existing agencies, and self-help organizations in this process.
